Meeting called to order: 6:13pm

Treasurer's Report: \$2420.64 (as of May 31, 2012)

Items discussed:

1. Meeting called to order (after remembering the packet of material that Mike left for us, as he will be a little late from attending one of the Round About public info meetings for the Round About that will be constructed at the intersection of Powers and Brookswood.)
2. Reviewing email news that Mike has collected over the last month.
3. Gene brought the invoice for the safety vest and signage (for the Brookswood Cleanup Crew), that was paid for by Teri Shamlian. She will be reimbursed by the SBNA.
4. Will link to the County Approved (licensed) Backflow testers on the website.
5. A house near Pineridge elementary wants to reduce their property setback to 5 feet at the street side, in order to build a larger house. Mike will review the request for neighborhood input.
6. Brookswood Blvd has been repaved already this summer.
7. A letter was sent to a food cart vendor located in Romaine Village to ask him to move his cart farther from the road for safety reasons.
8. Regarding issues of traffic speed in neighborhoods: we can request the PD to place the radar speed trailer on certain roads, so that will help reduce speeds.

Meeting adjourned: 7:32pm
